Learner guide

Getting started on the class site

Your class site is Moodle, at **learn.mercermedtech.com**. Every week you watch the lessons, read, hand in your tasks, check your hours and send your check-in there. This guide shows the real screens, in the order you will use them. Keep it next to your laptop in week 1.

1. Your login card and your first sign-in

On Day 0 you receive a printed login card with your **username** and a **temporary password**. The laptop browser has a **Moodle** bookmark; the address on the card is the backup. Keep the card private: off camera, off screen share, and never in a photo.

The login page of the class site.

1. **Username**: type it exactly as the card shows it, in lower case.
2. **Password**: type the temporary password from the card. Check that Caps Lock is off.
3. Click **Log in**.
4. **Lost password?** is the link for a forgotten password. You can also ask staff: they reset it in a minute.
5. The language menu on the login page. You can also change the language after you log in (section 2).

The first time: change your password

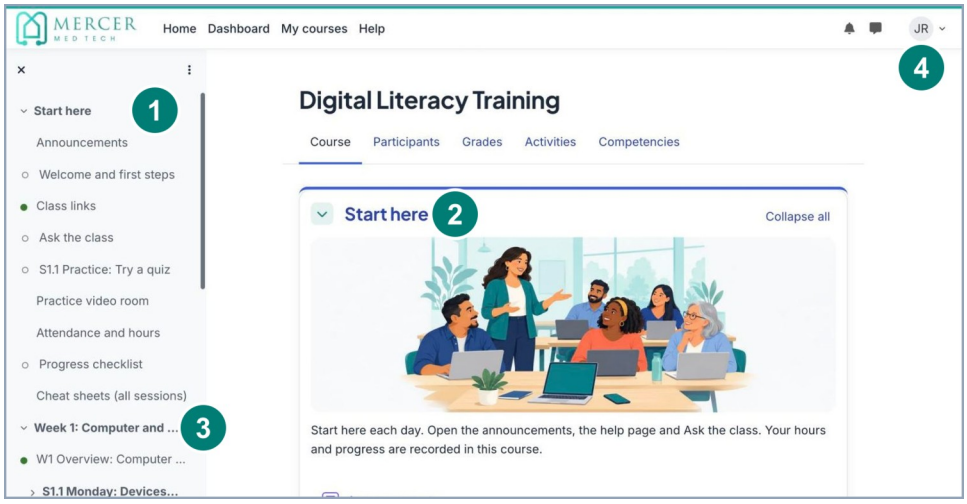

Moodle asks you to replace the temporary password. Make a new one from **three words you will remember plus a number**. Add a capital letter or a symbol if the screen asks for one. Read the red message under the box if the site refuses it.

Write the new password only on your private login card. Never post a password or a code in Moodle, and never share it, even with a classmate. At the live orientation on **Thursday, October 15, 2026, at 10:00 am**, you log in and change your password with staff next to you.

The funding for this initiative is being provided by the New Jersey Department of Labor and Workforce Development.

2. The course page

After you log in, open **Digital Literacy Training**. Everything for the course is on this one page, in English and Spanish.

The course page. Your own initials show at the top right.

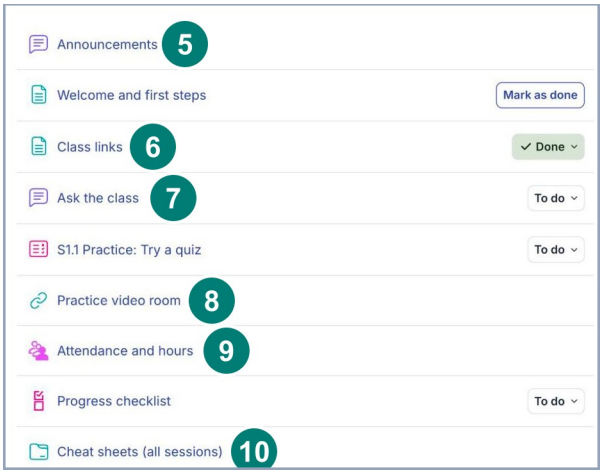

1 The **course index** lists every section. Click a week or a session to jump to it.

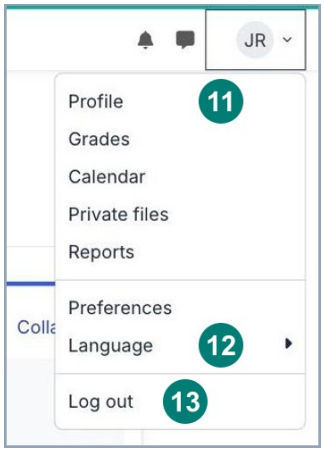

2 **Start here** is the top section. Open it each day.

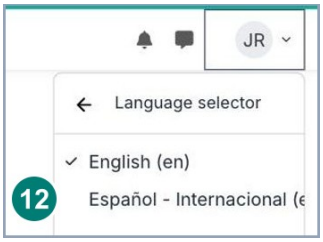

3 Each **week** has its own section below Start here. Week 1 is open from the first day.

4 Your initials open **your menu**: profile, language and log out.

What is in Start here, and your menu

5 **Announcements**: news from staff. Read them each day.

6 **Class links**: the Teams links for orientation, office hours and the Friday workshop (section 5).

7 **Ask the class**: the forum for course questions (section 6).

8 **Practice video room**: test your camera and microphone any time.

9 **Attendance and hours**: your office hours, check-ins and other hours, as staff record them.

10 **Cheat sheets (all sessions)**: step-by-step sheets with real screens (section 6).

11 **Profile** has the QR code for the Moodle app on your phone (section 7).

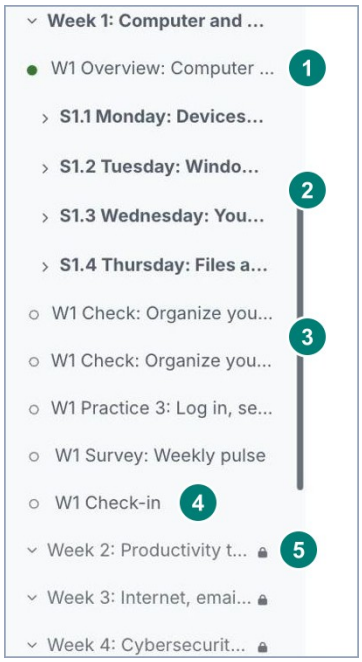

12 **Language** opens the list: pick **English** or **Español**. The menus and the course text change to that language.

The funding for this initiative is being provided by the New Jersey Department of Labor and Workforce Development.

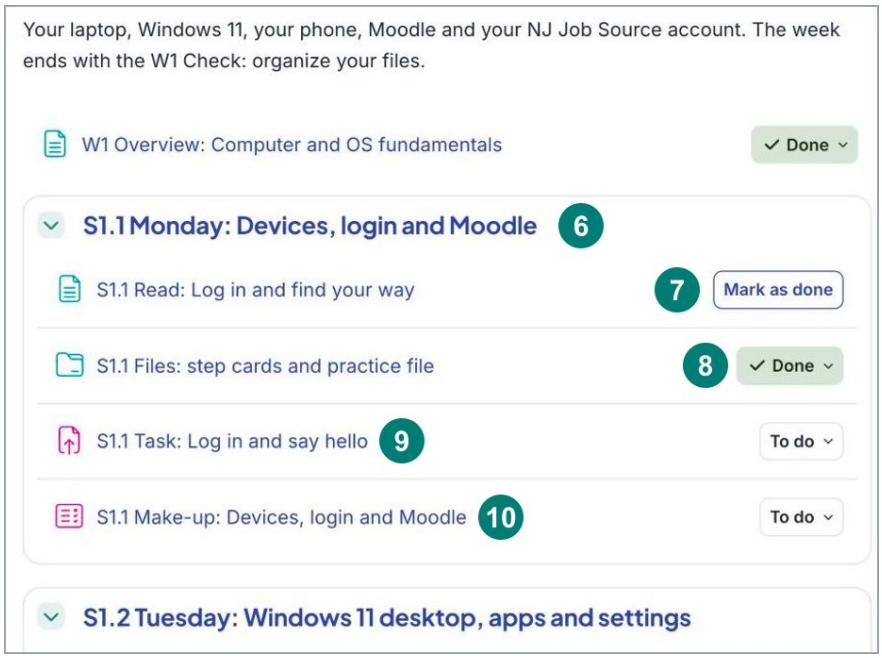

13 **Log out**. On a shared computer, always log out: closing the tab does not.

3. Inside a week

Every week has the same shape. Work from the top down, one session at a time.

Week 1 in the course index.

Inside week 1: the overview and session S1.1.

1 **W1 Overview**: what the week covers. Start the week here.

2 The four sessions, **S1.1 to S1.4**. Each one is about 3 hours of work that you do on any day of the week.

3 The week check: **W1 Check**, plus the week's practice and a short survey. They are due Sunday at 11:59 pm.

4 **W1 Check-in**: the short form you send after your weekly check-in with staff.

5 The lock: **Week 2 opens after you send the W1 Check-in form.** The same rule holds every week.

6 A session, for example **S1.1**. Inside it: **Lesson video**, **Read**, **Files**, **Task** and **Make-up**.

7 **Mark as done**: click it when you finish a page. It turns green and says **Done**.

8 **Done** with a check mark: this item is complete. Some items mark themselves done when you open them.

9 **Task**: the work you hand in. Your lesson hours count when you turn it in (section 4).

10 **Make-up**: the lesson check quiz. You can take it again.

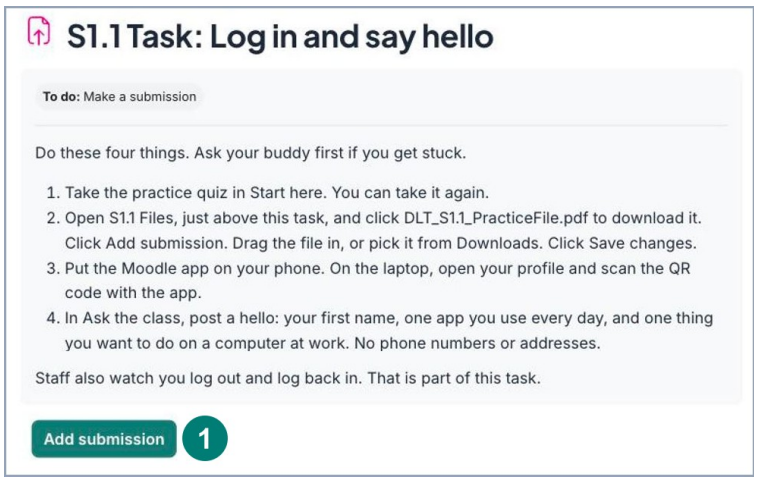

One session, in order

Read the page and click Mark as done. **Watch** the lesson video and pause to do each step on your laptop. **Do** the task, using the practice files in Files. **Check** yourself with the Make-up quiz. **Ask** at office hours or in Ask the class.

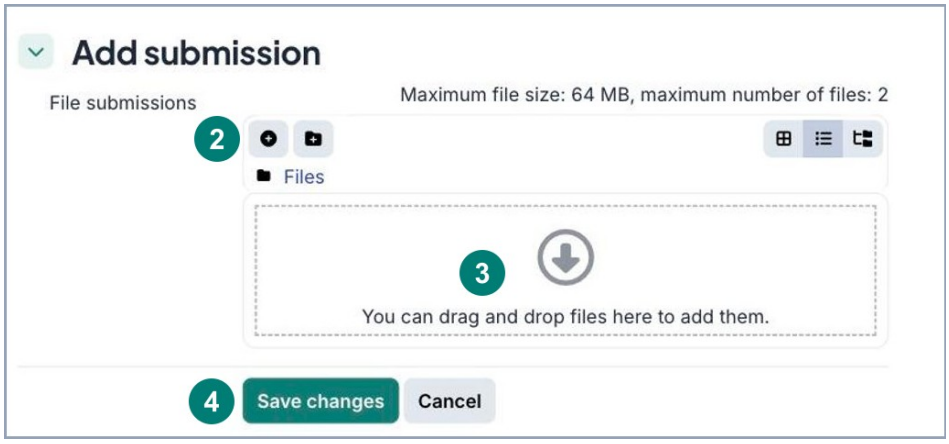

The funding for this initiative is being provided by the New Jersey Department of Labor and Workforce Development.

4. Turning in a task

Save your work on the laptop first. Then open the **Task** in the session and hand in the file.

1 On the task page, read the instructions, then click **Add submission**.

2 Click the **Add** button (the circle with a plus sign) and pick your file, usually from **Downloads** or **Documents**.

3 Or drag the file from its folder into this box.

4 Click **Save changes**. The page now says **Submitted for grading**. If the status still says "No submissions have been made yet", the file was not sent: click Save changes again.

Your grade

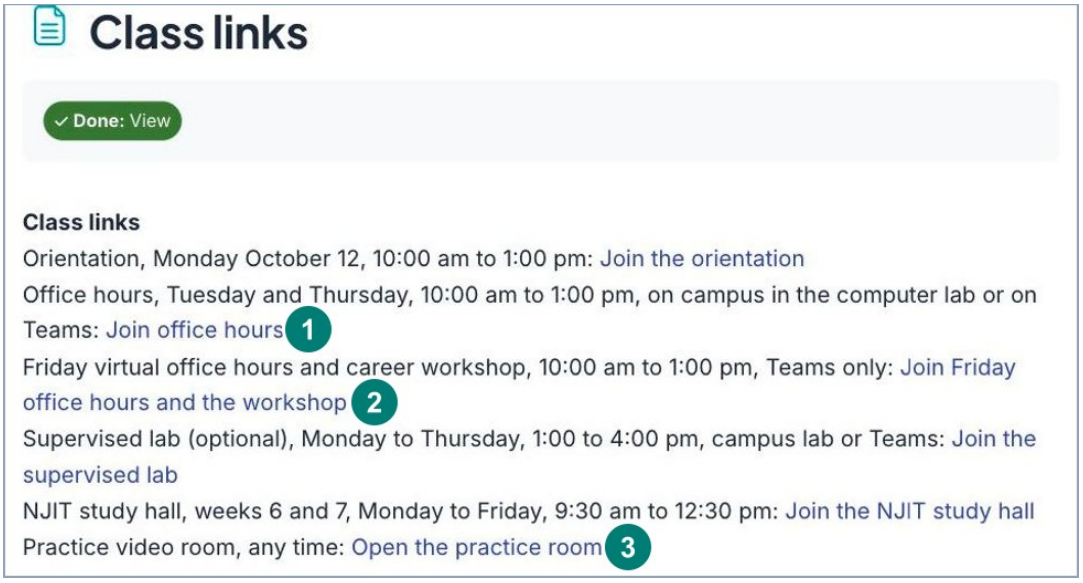

Grade	What it means
Meets	You did what the task asks. The lesson counts.
Exceeds	You did more than the task asks, or did it with extra care.
Not yet	Something is missing. You get a short corrective task and a time at office hours **within 48 hours**. You can try again until you reach Meets.

> **Missed the Sunday close?**
>
> Make the lesson up within 7 days: watch, read, turn in the task, then come to a check-in so staff can go over it with you. If you know you will fall behind, email us or tell a staff member.

The funding for this initiative is being provided by the New Jersey Department of Labor and Workforce Development.

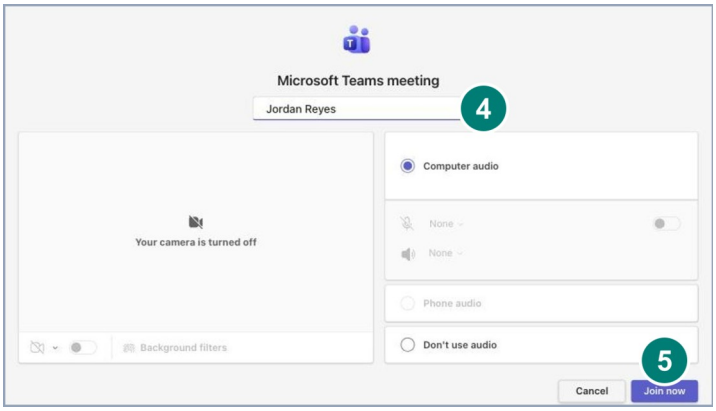

5. Class links and office hours

Office hours are on **Tuesday and Thursday, 10:00 am to 1:00 pm**, on campus in the computer lab (Suite 140) or on Teams, and on **Friday, 10:00 am to 1:00 pm, on Teams**: the career workshop from 10:00 to 11:30 am, then office hours. Come for help, lab time or your weekly check-in. Open **Class links** in Start here for every link.

The Class links page, in Start here.

1. **Join office hours**: Tuesday and Thursday on Teams.
2. **Join Friday office hours and the workshop**: Friday on Teams.
3. **Open the practice room**: a video room you can open any time to test your camera and microphone.

The Teams join screen in the browser. Practice name shown.

4. Teams opens in the browser. No account is needed. Type your **first name and last initial**, for example Jordan R.
5. Click **Join now**. Join 5 minutes early. Mute when you are not speaking; use the chat or Raise hand to ask a question.

Attendance and hours

Staff record your office hours, weekly check-in and career sessions in **Attendance and hours** in Start here; open it to see your hours. **On campus, mark yourself present with the QR code on the screen.** Office hours and check-ins are not recorded on video. Never show or say your Social Security number, case number, EBT or bank card number, or date of birth.

The funding for this initiative is being provided by the New Jersey Department of Labor and Workforce Development.

6. Cheat sheets and help

1 Open **Cheat sheets (all sessions)** in Start here. Each sheet shows one skill step by step, with real screens. Click a file to open it. Pick the file that ends in **EN** for English or **ES** for Spanish.

- **Help page**: in the **Resources** section at the bottom of the course page. It has the office-hours times, what to do if you forget your password, how your hours are counted and the privacy notice.
- **Ask the class** (in Start here): post questions about the course. Classmates and staff answer, and your question helps others too. No phone numbers, addresses, passwords or case details in a post.
- **Private questions**, or if you will miss your check-in or fall behind: email us. Your **Career Services Advisor** is your main contact for schedule changes, supports and job search help.

Contact Mercer Med Tech

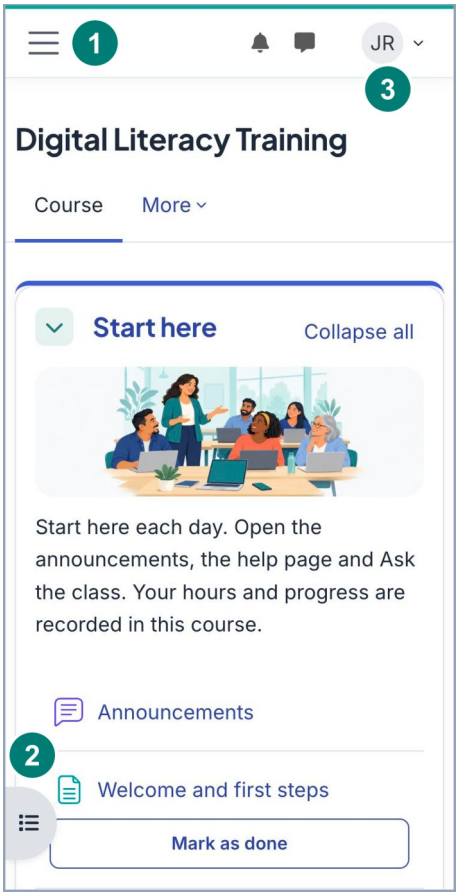

Email: contact@mercermedtech.com. Put your name and "Cohort 1" in the subject line. We answer within one business day.

In person: Mercer Med Tech, 168 Franklin Corner Rd, Bldg 2, Suite 140, Lawrenceville, NJ 08648.

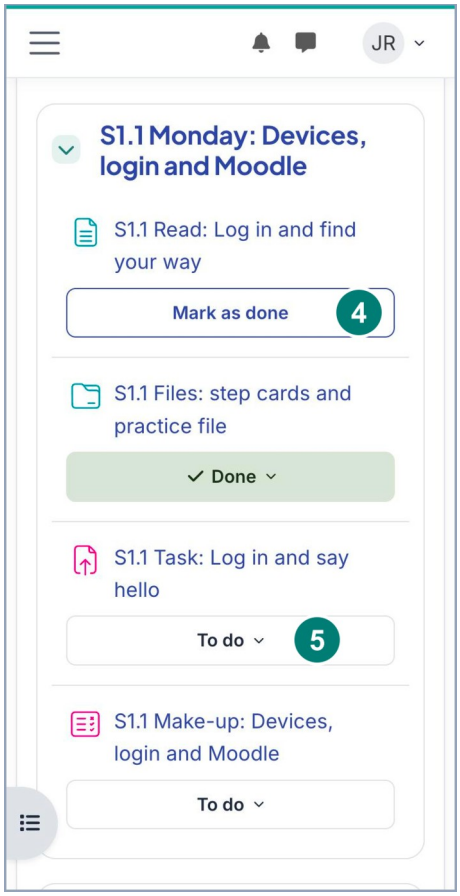

The funding for this initiative is being provided by the New Jersey Department of Labor and Workforce Development.

7. On your phone

You can open the class site on your phone in two ways: the free **Moodle app** (App Store or Google Play), or the phone browser at **learn.mercermedtech.com**. To connect the app, open **Profile** on the laptop and scan the QR code with the app. The phone is handy for announcements, Ask the class, the Class links and checking what is due.

The course page on a phone browser.

Session S1.1 on a phone.

1. The menu button: Home, Dashboard and My courses.
2. The list button opens the **course index**.
3. Your initials: profile, language and log out.
4. **Mark as done** works the same way as on the laptop.
5. **To do** shows what is still open in the session.

Do your practice on the laptop

Watch the lessons, do the practice and hand in your tasks **on the laptop**. Working with files, windows, a keyboard and a mouse on a computer is the skill employers want, and the tasks are built for it.

The funding for this initiative is being provided by the New Jersey Department of Labor and Workforce Development.

8. Your week at a glance

Cohort 1: your first week

Live orientation on **Thursday, October 15, 2026, 10:00 am to 1:00 pm**, in the campus lab (Suite 140) or on Teams (Class links, "Join the orientation"). Bring your laptop, charger and login card. Thursday and Friday, October 15 and 16, are setup and support days: get your laptop and Moodle login working and ask for help as you need it (setup help on Teams Friday, 11:30 am to 1:00 pm). Lessons start **Monday, October 19**. Your first check-in is due by **Sunday, October 25**.

When	What happens	Where
Monday	The week opens. The four lessons and the check-in times are posted.	Moodle
Any day	Watch the lessons, read, practice and do the tasks. About 3 hours per lesson.	Moodle, on the laptop
Tuesday and Thursday, 10:00 am to 1:00 pm	Office hours: help, lab time, your check-in.	Campus lab or Teams
Friday, 10:00 am to 1:00 pm	Career workshop 10:00 to 11:30 am, then office hours.	Teams
Once a week (required)	Check-in with staff, 10 to 15 minutes, then send the check-in form. Next week opens after you send it.	Office hours, Teams or phone
Sunday, 11:59 pm	The week closes. Tasks, practice and the week check are due.	Moodle

The funding for this initiative is being provided by the New Jersey Department of Labor and Workforce Development.
